

CAAMP

Setting the Standard

The Canadian Association of Accredited Mortgage Professionals (CAAMP) is the national association and the collective voice of the mortgage industry in Canada.

The **Accredited Mortgage Professional (AMP)** designation was created by CAAMP as part of its ongoing commitment to upholding the highest standard of industry ethics and professional excellence.

The **AMP** is Canada's only national designation for mortgage professionals.

The AMP Advantage

The AMP designation differentiates mortgage professionals from others in the mortgage industry. It demonstrates their commitment to providing you, the borrower with the highest level of service while finding the best mortgage solution suited to your needs.

Congratulations!

You've found the home of your dreams!

This is one of the biggest investments of your life, so you'll want to proceed with confidence. What's your first step?

Look for the expertise of an **Accredited Mortgage Professional (AMP)**.

An AMP can help:

- find the best mortgage solution for you
- explain all of your options
- provide mortgage peace of mind

You'll feel at ease when dealing with a mortgage professional who has met a high standard of ethics and is committed to ongoing training.

The AMP

- Sets a single national proficiency standard for mortgage professionals
- Was introduced by the Canadian Association of Accredited Mortgage Professionals (CAAMP) to enhance the level of professionalism in the mortgage industry
- Demonstrates commitment to ongoing education and ethical behaviour, providing added value to borrowers and other mortgage industry professionals

Benefit from the confidence that comes from working with an Accredited Mortgage Professional.
